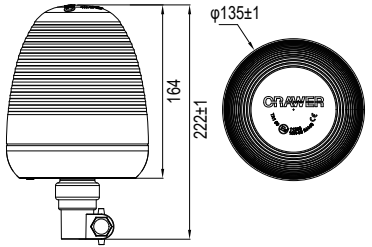
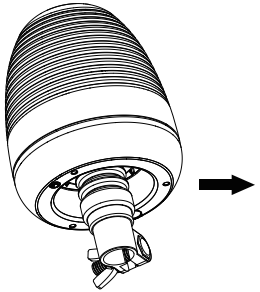
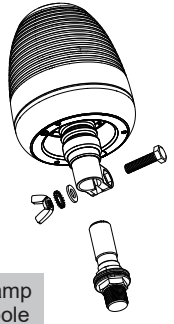
STRUCTURE,SIZE & PATTERN SWITCHING

Dimension:mm

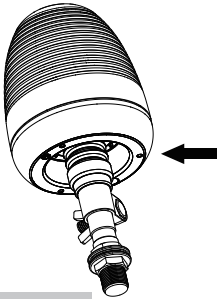




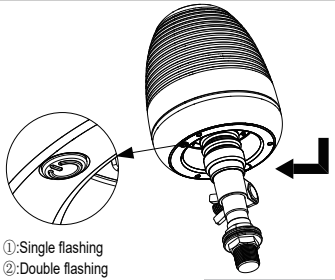
Take out lamp



Fasten lamp on DIN pole



Installation finished



Switch to a flash pattern

CRAWER
LIGHTING TECHNOLOGY

LED Beacon Warning Light

CR-7005

ECE R65 / R10 & IP69K standard waterproof
Energy efficient
Long light distance
High level EMC, CISPR 25 Class 4

ECE R65/R10 | IP69K WATERPROOF | -40℃ to 50℃ | LED HIGH-QUALITY

PRODUCT FEATURES

LED BEACON WARNING LIGHT FEATURES:

- IP69K waterproof.
- High level EMC, CISPR 25 Class 4.
- Multi-voltage, suitable for 12-30V
- Flexible DIN pole
- Highly transparent PC lampshade.
- Warranty: 1 year.

⚠ CAUTION

Ensure tight connection on DIN connector of pole mount to avoid losing beacon or bad connection.

TECHNICAL SPECIFICATIONS

Resistor:	With load resistor
Size:	222*135*135 mm
Voltage:	12V~30V DC
LED:	45pcs LEDs
Power:	55W
Current flow:	4.58A@12V; 2.29A@24V
Light Color:	Amber
Flash pattern:	Single flash, Double flash, Turning slow, Turning fast.
Flash pattern switch:	Button
EMC Grade:	CISPR 25 Class 4
Flash Frequency:	2 Hz ≤ F ≤4 Hz
Housing Material: Lens Material: Screw:	Aluminium Anti-UV PC 304 Stainless Steel
Weight:	1140g
Mounting:	Flexible DIN Pole
IP Rate:	IP69K
Shock proof:	10G
Operating Temperature:	-40℃ to +50℃
Approvals:	ECE R65 / R10, CE,RoHs
Warranty:	1 Year
